A WEEKLY JOURNAL, IDENTICAL IN INTEREST WITH ITS OWN PEOPLE.

VOL. VIII

MT. STERLING, KENTUCKY, TUESDAY, NOVEMBER 16, 1897.

NO. 18

Are You Ready? We Are!

Unless all signs fail the coming trade for Fall will be a record breaker. Under the stimulus of a big demand all cloak materials are growing scarcer and prices higher, and there will be no opportunity for securing desirable garments later in the season. Our line of Cloaks and Capes is at hand, NEW, STYLISH and UP-TO-DATE. No last season's trash offered. Prices range from \$5.00, for a good substantial warm Jacket, up to \$20.00 for a fine cloth garment, front, rolled collar, medium sleeves, with braids, buttons and fancy linings. We also show a full line of Misses and Children's jackets, sizes 10 years to 18 years. Prices from \$4.00 to \$6.00. Remember we bought our stock of Capes and Jackets before this market advance in the price of materials and labor, and you will share in the advantage by way of the exceedingly reasonable prices we are asking for our garments.

GRUBBS & HAZELRIGG.

A press dispatch from New York dated Nov. 1 says: "Practically the out-going room for the transportation of cattle on the regular transatlantic lines has been cornered by a syndicate composed of English cattle-buyers and P. D. Arnold of Chicago. This means the independent cattle-shippers will be shut out of the English markets and that the price of beef will thereby be advanced. Contracts have been placed with the White Star Line by the syndicate for one year for all of the company's cattle room. Other contracts have been made with the Atlantic Transport Lines of New York, Philadelphia and Baltimore for the same length of time and with the National Line for two years. Schwartzschild & Sulzberger of Hamburg & Sons, the two largest German firms in this city are not in the syndicate and are thus shut off from any space or any of the vessels that play between here and Liverpool. The prices at which the contracts were made provide for the carrying of cattle at forty shillings a head but do not include insurance and food."—Breder's Gazette.

This combination will make beef scarce in London and lower here. It is complete corner on export people will suffer until the market is broken. Legislation is being introduced to protect the farmer from the cattle. If capitalists corner the people, and it is in this instance, they must protect themselves with trusts and combinations.

Call in Georgia.

Representatives of the Georgia legislature were moved to the killing of a man. Unhappily, the man was not a slave but a free man. The Senators of Georgia are the only ones who have not yet taken the oath of office. The Georgia legislature is the only one in the South that has not yet taken the oath of office. The Georgia legislature is the only one in the South that has not yet taken the oath of office.

THE COMMERCIAL TRIBUNE.

Encyclopaedia Almanac and Year Book for 1898 Free to Every Weekly Subscriber.

We desire to call special attention to the advertisement of the Commercial Gazette on another page of this paper. An Encyclopaedia Almanac and Year Book free with each yearly subscriber is certainly a great stroke of enterprise on the part of this popular paper.

Nothing like it has ever been offered. The Weekly Commercial Gazette has been recently enlarged from eight to ten pages, and the price remains the same as heretofore—only 50 cents per year. Now is the time to subscribe.

The Art of Conversation is a Gift.

A good talker is born, not made. By reading good books, by keeping one's self well informed as to the interesting events of the day, one may become a good conversationalist. Still, the most fascinating talkers are by no means those who know the most, but, instead, those who have the greatest amount of tact, are most sympathetic, versatile, and, most important of all, have that wonderful something that, lacking a better name, we call magnetism.—November Ladies' Home Journal.

Big Catch of Whales.

Up to November 10 thirteen whalers and four tenders have arrived at San Francisco from the Arctic. In all, they brought 5,416 barrels of oil 141,074 pounds of whalebone, and 5,948 pounds of ivory, besides a large quantity of fur. A conservative value of what has come down is \$750,000. Some of the vessels caught in the ice are bare. Others have a number of whales to their credit, but there is no chance of their reaching San Francisco this season.

Gov. Bradley has appointed Capt. Lee Hathaway as delegate from the Tenth Congressional District to the National Fish Congress, which meets at Tampa, Florida, this winter. A graceful compliment is thus paid a most estimable gentleman.

The Presidents of the various turnpike roads in the county have been notified to meet with the Fiscal Court on the 19th inst., when a conference will be held concerning the purchase of the roads by the county. It is roughly estimated that the amount of the bond issue will be about \$50,000.

Hargis and Hendricks, aged 11 and 9 years respectively, little sons of Judge C. B. Hill, of Beattyville, were thrown from a pony while riding on South Maple street a few days ago and painfully injured. Hargis' left leg was severely wrenched at the knee and he received an ugly gash in the back of the head. For a time his case was considered quite serious, as it was feared he also sustained lateral injuries. Hendricks had his left arm broken and was cut and bruised about the face. Both boys are improving and will doubtless soon recover.

THE APPRECIATIVE THANK YOU.

It is the small Courtesies that Make Life Worth Living.

"On every hand one hears of the neglect to say 'thank you,'" I wonder sometimes if some people really know how little of what comes to them is their due and right, and how much of what comes to them is by favor and courtesy. The vast majority of things which come to us, come by pure favor, by courtesy. And we should recognize this. No act of kindness, however slight, should go unnoticed. A 'thank you' is a simple thing to say; it requires but a few moments to write it, but it often means much; it means everything sometimes to the person receiving it. It means a renewed faith in human nature in some cases. A word of thanks is never lost, never wasted. If it sometimes seems to be lost upon the person to whom it is directed, its expression has not been lost upon someone else who has heard it. It is certainly not lost upon ourselves. The duty of us are quick enough to thank someone who does us great service. But the small courtesies, just as great as the large service in reality we overlook. It doesn't seem worth while to give thanks for small things. And yet what would we be today, and where would some of us be but for the small courtesies of life? They are what make life worth living.

It is all very well to have the last Thursday of each November set apart as a day of Thanksgiving. But it would be far better if a great many of us carried the spirit of the day into all the other days. Perhaps, if we did so we might have more mercies to be thankful for on Thanksgiving Day. Do not let the spirit of thanks stop with nightfall on Thanksgiving Day. Let us extend it to all the other days of the year, to the people whose lives touch ours. When we receive a favor at the hands of any one, no matter how small it may be, let us say the words, 'thank you.' If they should be written let us write them. Let us not delay them, but take advantage of the instant when our heart is touched. Let there be more 'thank you's' said by everybody—thousands of them. And the world will be a better, brighter and happier place to live in because of them.—Edward W. Cook in November Ladies' Home Journal.

Unconstitutional Anti-Trust Laws.

The Appellate division of the Supreme Court, third department, handed down a decision at Albany, N. Y., Nov. 10, affirming the decision of Mr. Justice Alden Chester, of the Supreme Court, declaring the anti-trust laws unconstitutional.

Healthy, happy, children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and the future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of women is utterly inexcusable. Proper care and proper medicine will cure almost any disorder of the female organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strengthening. It is perfectly natural in its operation and effect. By its use thousands of weak women have been made strong and healthy. Taken during gestation, it makes childbirth easy and almost painless and insures the baby being of both mother and child. INCANDESCENT GAS.

Remarkable Discovery Made by a German Inventor.

Consul Deuster, at Crefeld, Germany, reports to the State Department at Washington a discovery made there which, it is said will revolutionize the methods of illumination. It is an incandescent gas. A single jet of ordinary size can emit a light of much more than 1,000 candle power, and fine point can be read at a distance of 100 feet. The inventor says the cost of a light of 1,500 candle power is only four and one-half cents per hour, while that for an ordinary electric light of 400 candle power is 14 cents per hour.

Scrofula

Suppressed blood disease which mineral matters in the body cure. S.S.S. (guaranteed purity) is a real blood remedy for scrofula and has no equal. T. Buck, of Delaney, Ark., had for twenty-five years and more the disease under the skin of the face who could not relieve her. A specialist said he could cure her, but he filled her with arsenic and potash which almost ruined her constitution. She then took nearly every so-called blood medicine and drank them by the wholesale, but they did not reach her trouble. Some one advised her to try S.S.S. and she very soon found that she had a real blood remedy at last. She says: "After taking one dozen bottles of S.S.S. I am perfectly well, my skin is clear and healthy, and I would not be in my former condition for two thousand dollars. Instead of drying up the poison in my system, like the potent and arsenic S.S.S. drove the disease out through the skin, and I was permanently rid of it."

S.S.S. never fails to cure Scrofula, Eczema, Rheumatism, and all skin diseases, or any disorder of the blood, not only upon a simple tonic to cure suppressed blood disease, but take a blood remedy.

The Home Boys Lose a Game to Winchester By the Score of 6 to 0.

It Was a Good Game and the Local Enthusiasts Were Well Pleased With

SHOWING MADE BY OUR BOYS.

Will Play a Return Game With Winchester To-day—The Referee Will Be

REV. J. H. TAYLOR, OF THIS CITY

Our home team, for their second game, went up against the Winchester boys Friday last. Although the score was 6 to 0 against us the team showed marked improvement in form and play over their first game. The weather was all that could be desired and the attendance satisfactory to the management. The line up was as follows:

Winchester. Mt. Sterling.
L. Smith.....R. E. Collier
H. Smith.....R. T. Schwanger
Sutherland.....R. G. Wood
C. O. Smith.....L. C. Mason
Eaton.....L. T. VanAntwerp
Strother.....L. E. Arnold
Reeves.....C. Stoffer
Gould, Capt.....R. H. Gaines, Capt.
Phillips.....L. H. Gatewood
Spohn.....F. B. Hoffman

Referee, Dr. Willis; umpire, Vaught.

The game was somewhat like the one with Kentucky University, the visiting team having pretty much their own way in the first half and our boys pulling up into winning form in the last half. Winchester scored early in the first half, and time was called on the last half with our team in possession of the ball and within ten yards of Winchester's goal line. None of the players were so badly injured as to require any of the Sentinel-Democrat's copyrighted "medical and surgical attention." Two or three really had the wind blown out of them, but came around all right within the prescribed time—three minutes—allowed by the rules for such recovery. Winchester rather rattled the thing, however, in the last half, trying to lose time and secure breathing spells for her men. Our team goes to Winchester this afternoon to play a return game.

NOTES.

Gaines is a great addition to the eleven. He was not entirely rid of a cold which had settled on his lungs and was not quite in condition for fast work. However notwithstanding this handicap he did some star playing. The opinion of the men and those who saw the game is that the "new man" is all right.

Roger Barnes, as manager and financial "angel," is the right man in the right place. He assumes all risks, puts up the deposits for the games, takes all expense and attends to the duties of the team and wants of the men in a most satisfactory manner. He deserves a vote of thanks from the public—and their liberal patronage.

Owing to the somewhat oval surface of the field, it is difficult to keep the crowd back toward the lines when the play goes toward the opposite side. Spectators on the field often interfere with the play and time is lost that isn't taken out of the time allowed for the halves; so they cut out that much play by their unrestrained eagerness to be near the scrimmage.

What a relief it is in these dull times to have something so exciting and interesting to go to as a foot-ball game every week.

Visiting teams only have expenses paid and our boys do not hope to make anything; so, therefore, the motive is pure sportsmanship. What a difference between "sports" and "sportsmen."

Friday's game was the first one Capt. Gaines has played with the eleven and consequently his first opportunity to properly judge the individual players and the strength of the different positions. He will doubt-

less strengthen the weak points in the play, perfect the interference and get the team down to good hard training for that Thanksgiving game with Kentucky University.

Rev. J. H. Taylor will referee the game in Winchester this afternoon.

Winchester defeated K. U. recently to the tune of 45 to 0. We held them down to a score of 6 to 0.

Everybody was out to see Friday's game (except the boys' own friend, (?) Capt. H.), preachers, lawyers, doctors, and business men. A goodly delegation from Clark's suburbs was also in attendance. The fair sex—everywhere partial to the game—were well represented and lent their charm to the occasion and their smiles of encouragement to the players.

The following is a record of fatal accidents in different branches of sports since 1894:

Swimming.....1,350
Boating.....986
Hunting.....654
Bicycling.....264
Fenceback riding.....393
Ice boating.....22
Base-ball.....6
Golf.....4
Football (four seasons).....11

All of the accidents in foot-ball have occurred either in mass plays or in scrimmages and have been due to the violence of the collisions.

We wish to call attention to the following rule:

Rule 21. (a) If a player having the ball be tackled and the movement of the ball stopped, or if the player cry "down," the Referee shall blow his whistle and the side holding the ball shall put it down for a scrimmage. As soon as a runner attempting to go through is tackled and goes down, or whenever a runner having the ball in his possession cries "down," the Referee shall blow his whistle and the ball shall be considered down on that spot. Any piling up on the man after that shall be punished by giving him fifteen yards.

Mass and momentum plays are being done away with. Reference to the above rule will show that the runner or Referee, either or both, can control the piling up that seems so objectionable—to the spectator.

The Score Was 0 to 0 Between Harvard and Yale.

Harvard and Yale played each other to a standstill on Soldiers' Field at Cambridge, Mass., on Saturday afternoon. It was a game between giants, and my and heroically did they fight for supremacy, but to no avail. It was thought by the knowing ones that Harvard would win, but when it came to the scratch it was found she was not superior to her great rival. The game was witnessed by about 25,000 people.

Decision Affecting Circuit Clerks.

On last Friday at Frankfort the Court of Appeals decided that the legislative act allowing Circuit Clerks a fee of \$5 in felony cases, to be paid by the State, was unconstitutional. This decision will make some Clerks' offices worthless, because little else but felony cases are tried during their terms of court.

Mr. B. W. Hall has been appointed Postmaster, to succeed Claude Hazlrigg. He received notice of his appointment Saturday. Mr. Hall expects to arrange his business so as to take charge January 1st, the beginning of a new quarter. All indications are to the effect that Mr. Hall leads the Republican party in this county, and when he wants a slice of pie for himself, see how he gets it. Those seeking preferment would do well to be in favor with Mr. Hall.

Buying Pikes.

The committee appointed to confer with the turnpike companies have agreed with the Mt. Sterling and North Middletown and the Mt. Sterling and Jeffersonville companies for the transfer of their roads. The good work goes on.

Winchester has a law against jockeying. It is one that sticks, and we do not know any reason why our people cannot enact a similar law. It is to the interest of the city, of the county and also of the people engaged in it that this business be stopped. In the name of decency, of humanity, let us stop this jockeying, this unrighteous, this despicable business. It can be stopped here if it can at other places.

For the newest and most attractive ribbons, tips, hats and millinery, call on K. O. Clarke, who has just received another stock. She will please you.

Real Estate Sales.

John D. Young, Master Commissioner, sold on November 10th, the Tolter Young farm of 147 acres, near Sharpsburg at \$70 per acre. The purchasers were E. B. Ralls and Dan Hurst.

On same day the heirs of Coleman Rutliff sold their farm of 130 acres of improved land to W. H. Rutliff at \$80 per acre.

The National Cabinet.

Mr. Clayton Stodds has canvassed in the county selling the National Cabinet. There are hints for everything used in the cook room. Flour, meat, sugar, coffee, rice, spices, etc. It is perfect in its construction and indispensable to any person who practices economy. It is ornamental to any pantry or cook-room and we do not see how any one can do without one. Its costs is not much and by its saving will soon pay for itself.

Mr. M. L. Buckner, vice-president of the Buckner Tobacco Warehouse Co., of Louisville, was in the city Monday looking after the tobacco of the county. He is an independent company and Mr. Charles Donohue is his agent. Our sympathy goes out for companies that are independent of trusts and combines. Trusts and combines heretofore have not proven themselves friends of the people and we do not look for it now.

Public Renting.

I will, on Saturday, November 20th, 1897, at 10 o'clock a.m. on the premises about three (3) miles from Mt. Sterling, Ky., on the Grassy Lick pike, rent to the highest bidder one hundred (100) acres of land, (known as the Pelbworth tract). Ten (10) acres of new land to be cultivated in tobacco; twenty (20) acres in corn, and balance in grass.

Also, at same time and place, I will rent fifty (50) acres of land, (known as the Summers' tract) and most of it to be in cultivation. Said lands, belonging to the heirs of H. G. Hurt, dec'd. For particulars apply to the undersigned, H. R. PREWITT, Guardian and Agent.

Is there anything more wholesome, more beautiful, more completely pleasing than a womanly woman? Such a woman is even tempered, intelligent, strong and healthy. Health really tells the whole story. Health means strong nerves and strong body, and they go far toward bringing good looks and amiability.

A woman worn and weary by the dragging weakness peculiar to her sex, cannot be expected to find zest in any duty or amusement. Life is all one dead monotonous gloom to her. On her face is written the story of weakness and pain. The wholesome of health is lacking. The cheeks lack fullness, the eyes lack sparkle, the hair lacks luster.

Doctors have learned to locate nine-tenths of womanly sickness in the organs that ought above all others to be strong and healthy.

Sensitive women shudder at the thought of consulting a physician on such matters. A natural feeling of modesty makes them dread the examination, and subsequent stereotyped treatment by "local applications" on which most doctors insist.

Much more often than not, this is unnecessary. It should not be submitted to except as a last resort. Dr. Pierce's Favorite Prescription has cured thousands of severe cases of "female weakness." It works in a natural, sensible way. It begins by subduing the inflammation that is always present. Then it strengthens and invigorates the whole body, particularly the organs distinctly feminine. It promotes regularity, cures inflammation and ulceration, and stops the debilitating drain caused by them. Of all dealers.

MARRIAGES.

Mr. Mat Simpson, of this county, was married to Miss Ella Jackson, of Stanton, Powell County, on Thursday, Nov. 4th.

On Wednesday afternoon, Nov. 10, at the residence of Samuel Greenwade on Spencer, C. E. Slodd, of this City, was married to Miss Drusie, daughter of Mr. Jack Greenwade. The bride has lived with her uncle and aunt since she was three years old, and is a most excellent young lady. The groom is the son of Wm. Slodd, our present Sheriff. The ceremony was performed by B. W. Trimble. "The marriage was very quiet, there being no invitations. A short bridal trip was taken to Lexington. For the present they will live in this city. We wish for them much happiness and success.

The management of The Kentucky Stock Farm has again this year, with its usual enterprise, announced another purse of \$4,000 for two year old trotters and pacers (foals of 1897) to close Jan. 1st, 1898. The fact that this Stock Farm management continues to offer these purses in the face of its losses in two previous ones emphasizes its statement that it was done to assist the horse business, which it has claimed for some time past was gradually on the improve. Such an enterprise should be liberally supported by the breeders, since, on the chance of the trotting horse to win money, largely depends the future of the business. In this connection it is a fact worthy of note that on June 25, 1897, almost four months before the race was to be contested, The Stock Farm management deposited with the Fayette National Bank, of Lexington, Ky., Treasurer of the Kentucky Horse Breeders' Association, a certified check for \$60,000 the total guaranteed amount to be distributed among the winners as stated in the conditions. This they state they will continue to do so long as they offer these purses and there is no doubt but that they will have the money awaiting the winners when the races are finished.

Any of our readers who would like to make entries can obtain entry blanks, conditions, etc., by addressing The Kentucky Stock Farm Publishing Co., Lexington, Ky.

NOTICE!

Those owing me accounts which are past due and unpaid, will confer a favor on me by settling at once. I need the money and trust you will not force me to be unpleasant about the matter.

DEATHS.

The six-months-old child of Carlos Plank and wife died in this city on Monday, November 15, 1897. Burial to-day in Macphelah. They sorrow not as those who have no hope.

On Sunday night, Nov. 7, 1897, near Howard's Mill, Henry Thomas, son of Will Thomas, died of typhoid fever. Death is the enemy before whom all must fall.

Thos. Boaz, in his 85th year, died at his home near Owingsville on Friday, Nov. 12, 1897. Burial on Saturday in the family graveyard. Funeral service by Rev. B. F. Parker.

Mr. Sam McDonald, aged 73 years, died at the home of Mr. Al Priest, near North Middletown, on last Friday. He was a farmer and lived near Paris. His remains were interred in the old family burying ground.

On Saturday morning, November 13, 1897, at his home near Wellington, Menefee county, Ky., Mr. James Back, an upright and influential citizen, died of a complication of diseases after several months of sickness. He leaves a wife and two children.

After several months of severe affliction and suffering, Richard G. Forman died in this city at the home of his brother-in-law on Tuesday morning, Nov. 9, 1897. The funeral service was held at the residence on Wednesday afternoon by Rev. H. D. Clark. Burial in Macphelah cemetery.

Mr. George Foley, aged about 65, died of pneumonia at his home on Flat Creek on Friday night, Nov. 12, 1897. Burial on Saturday at Springfield church. He was a good citizen and will be missed in the community in which he lived. He leaves a family of two girls and four boys—all married. He was a devout member of the Christian church.

After a long illness at his home on the Jack's Creek pike, Iham G. Fox died Nov. 9, 1897, at 2 o'clock. Deceased was a brother of C. T. Fox of this city, and Tom Fox, of Mt. Sterling, and was 60 years of age. A wife and two grown sons survive, to whom he leaves a good estate. Mr. Fox was Lieutenant in Capt. Tribble's Company B, 11th Kentucky Cavalry, C. S. A. Burial on Thursday in the Richmond cemetery.—Richmond Climax.

Mr. M. W. Anderson died at his home near the Levee, this county, on Tuesday, Nov. 9th. The funeral service was held at the residence on Thursday afternoon by Revs. T. N. Williams, of Louisville, and A. E. Carnahan, of Macphelah, in this city. The subject of this notice was born in Montgomery county on the 31st of May, 1830, and died at his home on Nov. 9, 1897. He married Miss Sarah Walk Oldham, who survives him. His children are Mrs. W. T. Tyler, of this city; Mrs. Nannie Stanley, of Thomasville, Ga.; Mrs. Rogers, of Leitchfield, Ky.; Misses Mary, Delta, Leila and Junie, and Millard and Speed. His long and useful life was spent in the country of his nativity. Mr. Anderson was in many respects more than an average man. Nature had endowed him with a strong mind, which he stored with good general information. Strong in his convictions and resolute in his purposes, his influence was uniformly for that which he conceived to be right. Having a clear recognition of the claims of his Creator upon him, to Him he gave the best service of his life. He was for nearly fifty years a member of the Cumberland Presbyterian church, thirty years of which he served the church of his choice in capacity of deacon. Mr. Anderson's health had been on the decline several years, but the decline was rapid during the last two months previous to his death, during which he was calm, cheerful and resigned to what he knew must soon follow. The final struggle lasted but a few moments, at the close of which, like the patriarch of old, he yielded up the spirit to God who gave it. Not exempt from the ordinary frailties of human nature, many good things may be said of Bro. Anderson. He was a friend to all in need or distress, and the poor were never turned from his door empty handed. He forsook of charity were without. He was a display of vanity; for he had resolute the recompense of reward in the resurrection of the just. True yesterday his friends are of the great and good man has gone, but the crisis has been passed among us, and who shall place? His large family was

home except Mrs. Stanley, who returned to her home last week. He had raised a large family of children, who are model men and women. A Christian and member of the Cumberland Presbyterian church from 18 years old, he had almost reached a half century in his work for the Master. He was charitable and true, and never swerved from what he thought was right. Rev. Williams, who took part in his funeral service, he had assisted in getting an education, and it was his delight to aid all who had a will to help themselves. We would that this world was made up of just such men as was Mr. Anderson. A man more devoted to his family and friends we have never known. He loved his fellow-men, his family, his Savior; lived to do much good, and has entered on his reward. Father, sanctify this affliction to the good of his loving ones.

GETTING READY

Every expectant mother has a trying ordeal to face. If she does not

Nature is not given proper assistance.

Mother's Friend

is the best help you can use at this time. It is a liniment, and when regularly applied several months before baby comes, it makes the advent easy and nearly painless. It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after-effects.

Mother's Friend is good for only one purpose, viz.: to relieve motherhood of danger and pain.

Sale of Business Property.

On Saturday afternoon the residence of P. McNamara, on Myville Street, was offered at public sale. It was bid to \$5,780 by Geo. Baird. The price was regarded as very low and the property was taken down. The next property offered was the saloon property, corner Court and Myville Streets, belonging to same. There were several bidders. John Corbitt was the purchaser at \$4,825. This was regarded as a bargain as the house rents for \$50 per month. The next piece offered by Mr. McNamara was his business house on South Mayville street now occupied by Mr. Levy, as the highest bid that could be obtained was \$2,710, the property was taken down.

The will of Miss Vernie Bassett was probated on Monday. After providing for the payment of her debts and the creation of a monument on the family lot in the cemetery, she directs that her aunt, Miss Mary Smith, receive an annuity not to exceed \$150. The balance of her property is for the benefit of her nephew, Tabb Bassett. Geo. Baird is named as executor.

The Mt. Sterling Floral Co. have as fine a lot of Chrysanthemums as they ever had and are selling the pot plants and cut blossoms at about half price. Call and see them before they are all disposed of.

November Court-day.

There was another big run of cattle; at least 3,000 on the market; quality good and sales were brisk, quite a difference from last Court-day in that respect. No sheep or hogs for sale. We could see no change in the market; cattle sold about as high as in October.

The best cattle sold as high as 4 cents, but the price was for the very best. Most of the feeders changed hands at from \$20 to \$3.80. Good yearlings sold at 4c; cows and heifers at from 1 1/2c to 1c. The best heifers sold as high as \$10, but most of sales at 2 1/2c to 3c. The market was firm on account of buyers from other States and surrounding counties, who were liberal buyers. The highest priced cattle were sold to parties in this county. About the usual traders brought stock here. T. Mt. Sterling stock yards have been very much improved with new and neat plank fencing, with lots of lumber, etc. The pens to-day were all full and a good many more could have been used. If this met gets much larger we will have to go to the country to get sufficient fage.
